First Aid CPR and AED Training

Get up to speed in no time with Basic Life Support skills. PFS & Associates First Aid, CPR and AED training will cover it all in one simple course. We make it easy to train and certify your personnel. PFS & Associates Instructors are certified by the North Carolina National Safety Council. We will send an Instructor to your facility and conduct training for as many of your personnel as needed, when it is convenient to their schedules.

- **First Aid** covers the basics: breathing emergencies, sudden illness and injury, bleeding, and preventing disease transmission.
- The **CPR** course teaches basic life support for adults, children, and infants. You will learn how to access the scene of an emergency, perform CPR and rescue breathing, and manage a choking victim.
- The **AED** portion of the course details key operating procedures of AEDs and instructs you on proper precautions and maintenance techniques. It also includes guidelines for meeting the state public access defibrillation (PAD) laws.

Course Cost:

- Adult/Child/Infant CPR & First Aid / 8hrs. / \$55.00
- Adult/Child/Infant First Aid / 6.5hrs. / \$45.00
- Adult/Child/Infant CPR / 6.5hrs. / \$45.00
- Group rates available (call or email for class size and rates)

Certifications:

Adult/Child/Infant CPR (valid for 2 year) First Aid (valid for 2 years).

To receive certification, student must pass a written test and perform the appropriate skills.

Payment:

Must be received prior to class in order to reserve seating.

Make checks payable to: **PFS & Associates, Inc.**
